Report of Independent Registered Public Accounting Firm

Plan Committee
Hanesbrands Inc. Hourly Retirement Savings Plan of Puerto Rico

We have audited the accompanying statements of net assets available for benefits of Hanesbrands Inc. Hourly Retirement Savings Plan of Puerto Rico as of December 31, 2006 and 2005, and the related statement of changes in net assets available for benefits for the year ended December 31, 2006. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in Note B, these financial statements and supplemental schedules were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

The opinion expressed herein on the statement of net assets available for benefits as of December 31, 2005, is different from our previous report dated July 2, 2007. In that report, we included a disclaimer of opinion. As permitted by Department of Labor rules and regulations, we were instructed not to audit information certified by the Trustee. We have since performed the auditing procedures necessary to render an unqualified opinion on the statement of net assets available for benefits as of December 31, 2005.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2006 and 2005, and the changes in its net assets available for benefits for the year ended December 31, 2006 on the basis of accounting described in Note B.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental schedules (modified cash basis) of assets (held at end of year) and delinquent participant contributions as of December 31, 2006, are presented for purposes of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules have been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, are fairly stated in all material respects in relation to the financial statements taken as a whole.

As discussed in Note A, the Plan adopted Financial Accounting Standards Board Staff Position AAG INV-1 and SOP 94-4-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans, as of December 31, 2006 and 2005.

NOTE A – DESCRIPTION OF PLAN

The following brief description of the Hanesbrands Inc. Hourly Retirement Savings Plan of Puerto Rico (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

Hanesbrands Inc. (the “Company”) was spun off from Sara Lee Corporation (“Sara Lee”) on September 5, 2006. In connection with the spin off, Sara Lee contributed its branded apparel Americas and Asia business to the Company and distributed all of the outstanding shares of the Company’s common stock to its stockholders on a pro rata basis. As a result of such distribution, Sara Lee ceased to own any equity interest in the Company and the Company became an independent, separately traded, publicly held company. Effective as of January 1, 2006, the Company became the sponsoring employer of the Plan, and the Plan name was subsequently changed from Sara Lee Corporation Personal Products Hourly Retirement Plan of Puerto Rico to Hanesbrands Inc. Hourly Retirement Savings Plan of Puerto Rico.

On July 24, 2006, the assets of the Plan were moved from the Sara Lee Corporation Master Investment Trust for Defined Contribution Plans (the “SLC Investment Trust”) to the Hanesbrands Inc. Master Investment Trust for Defined Contribution Plans (the “HB Investment Trust”).

As of December 31, 2005, the Playtex Apparel Retirement Savings Plan for Hourly Employees the (“Playtex Plan”) was merged into and continued in the form of the Plan.

As of April 1, 2006, certain assets of the Hanesbrands Inc. Salaried Retirement Savings Plan of Puerto Rico were transferred to the Plan, for the benefit of eligible employees whose employment status changed such that they became eligible to participate in the Plan. During 2006, the amount transferred to the Plan was approximately \$11,000.

General

The Plan is a defined contribution plan covering eligible hourly employees of participating divisions and subsidiaries of the Company (the “Employers”), located in Puerto Rico, who have attained age 21 and completed 90 days of credited service, as defined in the Plan document; bargaining unit employees are covered, however, only if the applicable collective bargaining agreement provides for their participation in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Contributions

Eligible employees can contribute between 1% and 10% of their compensation, as defined in the Plan document. Prior to April 1, 2006, participant contributions were made on an after-tax basis, except that prior participants in the Playtex Plan made their contributions on a pre-tax basis. Effective April 1, 2006, all contributions to the Plan are made on a pre-tax basis. Contributions are subject to limitations under the Internal Revenue Code (“IRC”) and the Puerto Rico Internal Revenue Code of 1994 (“PRIRC”).

Effective April 1, 2006, the Employers will contribute an amount equal to 100% of the portion of a participant’s contribution that does not exceed 2% of a participant’s eligible compensation subject to certain limitations defined in the Plan document. The Employers may also make a discretionary Employer contribution in the amount of 2% of a participant’s eligible compensation.

Savings Plan of Puerto Rico
NOTES TO FINANCIAL STATEMENTS
December 31, 2006 and 2005**

NOTE A – DESCRIPTION OF PLAN — Continued

Prior to April 1, 2006, for employees other than prior participants in the Playtex Plan, the Employers made basic and supplemental contributions on behalf of eligible participants, in an amount from .25% to 2% of eligible compensation, depending on participants' years of credited service and the Employers' level of earnings. Eligible former Playtex Plan participants received a matching contribution of 20% of the portion of the participant's contribution that did not exceed 5% of the participant's eligible compensation.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect Employer contributions, the participant's contributions and any rollover contributions, as well as the participant's related share of the Plan's income, losses and certain related administrative expenses. Allocations of income and losses are made within each separate investment fund in proportion to each participant's investment in those funds. Allocations of certain related administrative expenses are made based on the proportion that each participant's account balance has to the total of all participants' account balances.

Vesting

Participants' after-tax, pre-tax, Employer matching and rollover contribution accounts are 100% vested at all times. Vesting in the annual discretionary Employer contribution accounts (and prior basic and supplemental Employer contribution accounts) is 100% after completing five years of service, or in the case of termination due to death, disability or normal retirement without regard to years of credited service.

Investment Options

Participants may direct their total account balances among the various investment options currently available to the Plan through the HB Investment Trust in 10% increments. Participants may change their investment elections quarterly.

Forfeitures

If a participant leaves the Employers for reasons other than death, disability or normal retirement age before his or her annual discretionary Employer contribution account is vested, his or her annual discretionary Employer contribution account is forfeited. Prior to April 1, 2006, forfeited balances were first allocated to participants who were reemployed and were entitled to reinstatement of their annual discretionary Employer contribution account and then the remainder was allocated among and credited to the Employer contribution accounts of eligible participants (other than former Playtex Plan participants). Effective April 1, 2006, the Plan was amended such that forfeited balances shall first be allocated to participants who are reemployed and are entitled to reinstatement of their annual discretionary Employer contribution account and then the remainder may be used to reduce future Employer matching contributions or pay administrative expenses of the Plan.

**Hanesbrands Inc. Hourly Retirement
Savings Plan of Puerto Rico
NOTES TO FINANCIAL STATEMENTS
December 31, 2006 and 2005**

NOTE A – DESCRIPTION OF PLAN — Continued

Forfeitures for the plan year ended December 31, 2006 were \$54,238. At December 31, 2006, \$24,087 of forfeitures had not been reallocated to participant accounts, nor used to offset employer matching contributions or administrative expenses of the Plan.

Benefit Payments

Upon termination of service due to death, disability, retirement or resignation/dismissal, distribution of the vested balance in the participant's accounts will be made to the participant or, in the case of the participant's death, to his or her beneficiary by a lump-sum payment in cash (or stock, if elected, for amounts invested in the Sara Lee Corporation Common Stock Fund or the Hanesbrands Inc. Common Stock Fund of the HB Investment Trust).

Withdrawals

Participants may withdraw all or a portion of their vested account balances, provided they have attained age 59-1/2; participants may also withdraw their after-tax accounts at any time. Participants who have an immediate and substantial financial need may take a hardship withdrawal from their accounts, subject to certain limitations defined in the Plan document. No more than two withdrawals of any type may be made in any calendar year.

New Accounting Pronouncements

As of December 31, 2006, the Plan adopted Financial Accounting Standards Board (FASB) Staff Position FSP AAG INV-1 and Statement of Position No. 94-4-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans (the FSP). The FSP requires that the Statement of Net Assets Available for Benefits present the fair value of the Plan's investments as well as the adjustment from fair value to contract value for the fully benefit-responsive investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis for the fully benefit-responsive investment contracts. The FSP was applied retroactively to the prior period presented on the Statement of Net Assets Available for Benefits as of December 31, 2005.

In September 2006, the FASB issued Statement on Financial Accounting Standards No. 157 (SFAS 157), Fair Value Measurements. SFAS 157 establishes a single authoritative definition of fair value, sets out a framework for measuring fair value and requires additional disclosures about fair value measurement. SFAS 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007. The Company is currently evaluating the impact, if any, SFAS 157 will have on the Plan's financial statements.

NOTE B – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the modified cash basis of accounting, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles. Under the modified cash basis of accounting, investments are recorded at fair value (or contract value when appropriate), income is recorded as earned, and benefit payments, administrative expenses, and contributions are recorded as the cash is paid or received. In addition, purchases and sales of securities are recorded on a trade-date basis.

If the Plan's financial statements had been prepared using the accrual basis of accounting in accordance with U.S. generally accepted accounting principles, receivables (including Company and participant contributions) of approximately \$341,000 and \$179,000 would have been recorded in the accompanying statements of net assets available for benefits as of December 31, 2006 and 2005, respectively.

Use of Estimates

The preparation of financial statements requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Valuation of Investments

The Plan's sole investments are an interest in the HB Investment Trust and the SLC Investment Trust. The Plan's interest in the HB Investment Trust and the SLC Investment Trust is based on the Plan's relative aggregate contributions, benefit payments and other relevant factors.

The investments of each of the HB Investment Trust and the SLC Investment Trust consist of investments in registered investment companies, corporate common stocks, common/collective trusts and investment contracts. Investments in registered investment companies and corporate common stocks are valued using quoted market prices. Common/collective trusts are valued at fair value of participant units owned by the HB Investment Trust and SLC Investment Trust based on quoted redemption values. Investment contracts are valued at contract value, as they are fully benefit-responsive. Contract value represents the principal balance of the underlying investment contracts, plus accrued interest at the stated contract rates, less withdrawals and administrative charges by the insurance companies. There are no material reserves against contract value for credit risk of the contract issuers or otherwise. Under the terms of the contracts, the crediting interest rates are fixed rates negotiated by the Company with the insurance companies. The average crediting interest rate of the investment contracts as of December 31, 2006 and 2005 was approximately 5.21% and 4.80%, respectively. The average yield for the investment contracts for the year ended December 31, 2006 was approximately 5.13%. Purchases and sales of securities in the HB Investment Trust and the SLC Investment Trust are recorded on a trade-date basis. Interest is recorded in the period earned. Dividends are recorded on the ex-dividend date.

NOTE B – SUMMARY OF ACCOUNTING POLICIES — Continued

In general, the investments provided by the Plan are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participants' individual account balances.

Administrative Expenses

Administrative expenses associated with the Plan are paid by the Plan, unless paid by the Employers at their discretion.

NOTE C – PLAN INTEREST IN MASTER TRUSTS

The Plan's investments are in the HB Investment Trust, which was established for the investment of assets of the Plan and two other defined contribution plans sponsored by the Company (the "Participating Plans"). Each Participating Plan has an interest in the HB Investment Trust based on each Participating Plan's participants' account balances within each investment fund. The assets of the HB Investment Trust are held by The Northern Trust Company.

At December 31, 2006, the Plan's interest in the net assets of the HB Investment Trust was approximately .50%. At December 31, 2005, the Plan's interest in the net assets of the SLC Investment Trust was approximately .18%. Investment income and certain administrative expenses relating to the HB Investment Trust are allocated to the individual plans based on the balances invested by each plan.

The Plan's interest in the net assets of the HB Investment Trust and the SLC Investment Trust is included in the accompanying statements of net assets available for benefits.
