REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Hanesbrands Inc. Employee Benefits Administrative Committee
Hanesbrands Inc. Hourly Retirement Savings Plan of Puerto Rico:

We have audited the accompanying statements of net assets available for benefits of Hanesbrands Inc. Hourly Retirement Savings Plan of Puerto Rico as of December 31, 2007 and 2006, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of Hanesbrands Inc.'s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our report dated July 3, 2007, we expressed an opinion that the 2006 financial statements fairly presented the Plan's net assets available for benefits, and the changes in the Plan's net assets available for benefits as of and for the year ended December 31, 2006 on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. As described in Note B to the financial statements, the Plan has changed its method of accounting for these items and restated its 2006 financial statements to conform with accounting principles generally accepted in the United States of America. Accordingly, our present opinion on the 2006 financial statements, as presented herein, is different from that expressed in our previous report.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Hanesbrands Inc. Hourly Retirement Savings Plan of Puerto Rico as of December 31, 2007 and 2006, and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of delinquent deposits of participant contributions for the year ended December 31, 2007 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

As discussed in Note A, the Plan adopted Financial Accounting Standards Board Staff Position AAG INV-1 and SOP 94-4-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies subject to the AICPA Investment Company Guide and Defined Contribution Health and Welfare and Pension Plans, as of December 31, 2006.

NOTE A — DESCRIPTION OF PLAN

The following brief description of the Hanesbrands Inc. Hourly Retirement Savings Plan of Puerto Rico (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

Hanesbrands Inc. (“Hanesbrands”) was spun off from Sara Lee Corporation (“Sara Lee”) on September 5, 2006. In connection with the spin off, Sara Lee contributed its branded apparel Americas and Asia business to Hanesbrands and distributed all of the outstanding shares of Hanesbrands’ common stock to its stockholders on a pro rata basis. As a result of such distribution, Sara Lee ceased to own any equity interest in Hanesbrands and Hanesbrands became an independent, separately traded, publicly held company. Effective as of January 1, 2006, Hanesbrands became the sponsoring employer of the Plan, and the Plan name was subsequently changed from Sara Lee Corporation Personal Products Hourly Retirement Plan of Puerto Rico to Hanesbrands Inc. Hourly Retirement Savings Plan of Puerto Rico.

On July 24, 2006, the assets of the Plan were moved from the Sara Lee Corporation Master Investment Trust for Defined Contribution Plans to the Hanesbrands Inc. Master Investment Trust for Defined Contribution Plans (the “HBI Investment Trust”).

During 2006, certain net assets of the Hanesbrands Inc. Salaried Retirement Savings Plan of Puerto Rico were transferred to the Plan, for the benefit of eligible employees whose employment status changed such that they became eligible to participate in the Plan. During 2006, the amount transferred to the Plan was approximately \$11,000. There were no such transfers in 2007.

General

The Plan is a defined contribution plan covering eligible hourly employees of participating divisions and subsidiaries of Hanesbrands (the “Company”), located in Puerto Rico, who have attained the age of 21 and completed 90 days of credited service, as defined in the Plan document; bargaining unit employees are covered, however, only if the applicable collective bargaining agreement provides for their participation in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

During 2007, as part of its consolidation and globalization strategy, Hanesbrands closed certain manufacturing facilities and distribution centers, resulting in the termination of employment of certain Plan participants. These terminations caused the Plan to experience a partial plan termination event. As a result, those affected participants who were not 100% vested in their benefits and whose employment involuntarily terminated during 2007 for reasons other than employee misconduct became entitled to be fully vested in their Company contributions. In addition, these terminations caused those participants who were not 100% vested in their benefits and whose employment terminated during 2006 as a result of Hanesbrands’ consolidation and globalization strategy to become entitled to be fully vested in their Company contributions.

Contributions

Eligible employees can contribute between 1% and 10% of their compensation, as defined in the Plan document. Prior to April 1, 2006, participant contributions were made on an after-tax basis, except that prior participants in the Playtex Apparel Retirement Savings Plan for Hourly Employees (the “Playtex Plan”), which was merged into and continued in the form of the Plan as of December 31, 2005, made their contributions on a pre-tax basis. Effective April 1, 2006, all contributions to the Plan are made on a pre-tax basis. Contributions are subject to certain limitations under the Internal Revenue Code (“IRC”) and the Puerto Rico Internal Revenue Code of 1994 (“PRIRC”).

Effective April 1, 2006, the Company will contribute an amount equal to 100% of the portion of a participant’s contribution that does not exceed 2% of a participant’s eligible compensation subject to certain limitations defined in the Plan document. The Company may also make a discretionary Company contribution in the amount of 2% of a participant’s eligible compensation. For the years ended December 31, 2007 and 2006, the total discretionary Company contribution was \$138,894 and \$321,977, respectively.

Prior to April 1, 2006, for employees other than prior participants in the Playtex Plan, the Company made basic and supplemental contributions on behalf of eligible participants, in an amount from 0.25% to 2% of eligible compensation, depending on participants’ years of credited service and the Company’s level of earnings. Eligible former Playtex Plan participants received a matching contribution of 20% of the portion of the participant’s contribution that did not exceed 5% of the participant’s eligible compensation.

Hanesbrands Inc. Hourly Retirement Savings Plan of Puerto Rico Notes to Financial Statements December 31, 2007 and 2006 — Continued

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect Company contributions, the participant's contributions and any rollover contributions, as well as the participant's related share of the Plan's income and losses. Allocations of income and losses are made within each separate investment fund in proportion to each participant's investment in those funds.

Vesting

Participants' after-tax, pre-tax, Company matching and rollover contribution accounts are 100% vested at all times. Vesting in the annual discretionary Company contribution accounts (and the accounts for the basic and supplemental Company contributions made prior to April 1, 2006) is 100% after completing three years of service (five years of service for employees terminated prior to January 1, 2007), or in the case of termination due to death, disability or normal retirement without regard to years of service.

Investment Options

Participants may direct their total account balances among the various investment options currently available through the Plan in 10% increments. Participants may change their investment elections quarterly.

Forfeitures

If a participant terminates employment for reasons other than death, disability or normal retirement age before his or her annual discretionary Company contribution account is vested, his or her annual discretionary Company contribution account is forfeited. Prior to April 1, 2006, forfeited balances were first allocated to participants who were reemployed and were entitled to reinstatement of their annual discretionary Company contribution account and then the remainder was allocated among and credited to the Company contribution accounts of eligible participants (other than former Playtex Plan participants). Effective April 1, 2006, the Plan was amended such that forfeited balances shall first be allocated to participants who are reemployed and are entitled to reinstatement of their annual discretionary Company contribution account and then the remainder may be used to reduce future Company matching contributions or pay administrative expenses of the Plan.

Forfeited balances as of December 31, 2007 and 2006 were \$37,020 and \$24,087, respectively. For the years ended December 31, 2007 and 2006, no forfeitures were used to offset employer matching contributions or administrative expenses of the Plan.

Benefit Payments

Upon termination of service due to death, disability, retirement or resignation/dismissal, distribution of the vested balance in the participant's accounts will be made to the participant or, in the case of the participant's death, to his or her beneficiary by a lump-sum payment in cash (or stock, if elected, for amounts invested in the Hanesbrands Inc. Common Stock Fund).

Withdrawals

Participants may withdraw all or a portion of their vested account balances, provided they have attained age 59-1/2; participants may also withdraw their after-tax accounts at any time. Participants who have an immediate and substantial financial need may take a hardship withdrawal from their accounts, subject to certain limitations defined in the Plan document. No more than two withdrawals of any type may be made in any calendar year.

New Accounting Pronouncements

As of December 31, 2006, the Plan adopted Financial Accounting Standards Board ("FASB") Staff Position AAG INV-1 and Statement of Position No. 94-4-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans (the "FSP"). The FSP requires that the Statements of Net Assets Available for Benefits present the fair value of the Plan's investments as well as the adjustment from fair value to contract value for the fully benefit-responsive investment contracts. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis for the fully benefit-responsive investment contracts.

In September 2006, the FASB issued Statement on Financial Accounting Standards No. 157 ("SFAS 157"), Fair Value Measurements. SFAS 157 establishes a single authoritative definition of fair value, sets out a framework for measuring fair value and requires additional disclosures about fair value measurement. SFAS 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007. The Company is currently evaluating the impact, if any, SFAS 157 will have on the Plan's financial statements.

NOTE B — SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The Company elected to change the Plan's method of accounting to the accrual basis in accordance with U.S. generally accepted accounting principles, whereas in all prior years the modified cash basis was used. The new method of accounting was elected because the prior method, which is a comprehensive basis of accounting allowable under ERISA, is a basis of accounting other than U.S. generally accepted accounting principles. The comparative Statement of Net Assets Available for Benefits as of December 31, 2006 and the comparative Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2006 have been adjusted to apply the new method retroactively. In the Statement of Net Assets Available for Benefits as of December 31, 2006, total receivables (including participant and Company receivables), and total net assets available for benefits increased by \$412,992 due to the change in accounting principle. In the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2006, total additions (including participant and Company contributions) increased by \$233,992 due to the change in accounting principle.

Use of Estimates

The preparation of financial statements requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Valuation of Investments

The Plan's sole investment is an interest in the HBI Investment Trust. The Plan's interest in the HBI Investment Trust is based on the Plan's relative aggregate contributions, benefit payments and other relevant factors.

The HBI Investment Trust's investments consist of investments in registered investment companies, corporate common stocks, participant loans, common/collective trusts and investment contracts. Investments in registered investment companies and corporate common stocks are valued using quoted market prices. Participant loans are valued at their outstanding balances, which approximate fair value. Common/collective trusts are valued at fair value of participant units owned by the HBI Investment Trust based on quoted redemption values. Investment contracts are valued at contract value, as they are fully benefit-responsive. Contract value represents the principal balance of the underlying investment contracts, plus accrued interest at the stated contract rates, less withdrawals and administrative charges by the insurance companies. There are no material reserves against contract value for credit risk of the contract issuers or otherwise. Under the terms of the contracts, the crediting interest rates are fixed rates negotiated by the Company with the insurance companies. The average crediting interest rate of the investment contracts as of December 31, 2007 and 2006 was approximately 5.02% and 5.21%, respectively. The average yield for the investment contracts for the years ended December 31, 2007 and 2006 was approximately 5.35% and 5.13%, respectively. Purchases and sales of securities in the HBI Investment Trust are recorded on a trade-date basis. Interest is recorded in the period earned. Dividends are recorded on the ex-dividend date.

In general, the investments provided by the Plan are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participants' individual account balances.

Administrative Expenses

As permitted by the Plan, all administrative expenses for the years ended December 31, 2007 and 2006 were paid by the Company.

NOTE C — PLAN INTEREST IN HBI INVESTMENT TRUST

The Plan's investments are in the HBI Investment Trust, which was established for the investment of assets of the Plan and two other defined contribution plans sponsored by the Company (the "Participating Plans"). The interest of each Participating Plan in the HBI Investment Trust is based on each Participating Plan's participants' account balances within each investment fund. The assets of the HBI Investment Trust are held by The Northern Trust Company.

December 31, 2007 and 2006 — Continued**

At December 31, 2007 and 2006, the Plan's interest in the net assets of the HBI Investment Trust was approximately 0.33% and 0.58%, respectively. Investment income relating to the HBI Investment Trust is allocated to the individual plans based on the balances invested by each plan. All administrative expenses of the Plan for the years ended December 31, 2007 and 2006 were paid by the Company and were not included in the expenses of the HBI Investment Trust for such periods. As a result, none of the administrative expenses of the HBI Investment Trust for such periods were allocated to the Plan.

The Plan's interest in the net assets of the HBI Investment Trust is included in the accompanying Statements of Net Assets Available for Benefits.

A summary of the net assets of the HBI Investment Trust as of December 31, 2007 and 2006 is as follows:

	<u>2007</u>	<u>2006</u>

Net assets of HBI Investment Trust	<u>\$ 580,500,290</u>	<u>\$ 533,955,142</u>

For the year ended December 31, 2007 and for the period from July 24, 2006 to December 31, 2006, net investment income was allocated to all three of the Participating Plans from the HBI Investment Trust. For the period from January 1, 2006 through July 23, 2006, net investment income was allocated to two Participating Plans, including the Plan, from the Sara Lee Corporation Master Investment Trust for Defined Contribution Plans. The aggregate net investment income allocated to the Participating Plans from the HBI Investment Trust for the year ended December 31, 2007 and from the HBI Investment Trust and the Sara Lee Corporation Master Investment Trust for Defined Contribution Plans for the year ended December 31, 2006 is as follows:

	<u>2007</u>	<u>2006</u>
Interest and dividend income	\$ 4,737,985	\$ 5,142,490

At December 31, 2007 and 2006, the HBI Investment Trust held 0 shares and 757,483 shares, respectively, of Sara Lee Corporation common stock. These shares had a fair value of \$12,899,936 as of December 31, 2006.

NOTE D — PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts. As described in Note A, a partial plan termination occurred during 2007, as a result of which certain participants became entitled to be 100% vested in their accounts.

NOTE E — TAX STATUS

By letter dated October 22, 2003, the Internal Revenue Service (“IRS”) last determined that the Plan, which was formerly known as the Sara Lee Corporation Personal Products Hourly Retirement Plan of Puerto Rico, as amended, and trust met the qualification requirements set forth in Sections 401(a) and 501(a) of the IRC. The Company has requested a new determination letter from the IRS. A response has not been received, although the Plan administrator believes that the Plan has been operated in compliance with the IRC. As discussed in Note G, Plan management identified certain non-exempt transactions during 2007 and 2006 and has taken steps to correct these transactions. Plan management believes that these transactions will not have an effect on the Plan’s tax status.

NOTE F — PARTY-IN-INTEREST TRANSACTIONS

Certain assets of the HBI Investment Trust were invested in investments managed by The Northern Trust Company (the “Trustee” of the Plan); therefore, these transactions qualify as party-in-interest transactions. Fees paid by the plan during 2007 and 2006 for legal, accounting, and other professional services rendered by parties in interest were based on customary and reasonable rates for such services. Approximately 3.9% of the HBI Investment Trust’s assets as of December 31, 2007 were invested in Hanesbrands common stock, and an aggregate of approximately 5.8% of the HBI Investment Trust’s assets as of December 31, 2006 were invested in Hanesbrands common stock and Sara Lee Corporation common stock, in each case through participant-directed account balances.

NOTE G — NON-EXEMPT TRANSACTIONS

Certain 2007 and 2006 participant contributions were temporarily held by the Company and not deposited to participant accounts maintained by the Trustee within the timeframe mandated by Department of Labor regulations. At December 31, 2007 and 2006, there was \$84 and \$9,480, respectively, of receivables related to these contributions. Prior to June 2008, the Company contributed all late contributions to the Plan and reimbursed the Plan for interest on the funds borrowed.

NOTE H — RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
